

Model United Nations

essential understanding:

To be able to ensure human rights for everyone, we must first understand the systems of power that control people. Model United Nations is a great way for students to explore the most pressing issues of today's global society. Model United Nations will serve to create tomorrow's leaders through rigorous practice of research, debate, and speaking skills.

overview

Model United Nations is a great way for students to learn about politics, international aid, war, and policy formation. It is an excellent way to practice critical thinking skills, debate, oratorical skills, and persuasive writing. It is a simulation of the way the United Nations functions, and also incorporates the tenets of Social Justice.
