2018-2019 LCAP Student & Parent Surveys

The Local Control Funding Formula (LCFF) replaces revenue limits and eliminates most categorical program funding formulas with the intent of allowing the local stakeholders to have significant discretion to make the decisions that best meet the needs of the students in the LEA. The Local Control Accountability Plan (LCAP) is the procedure for including local stake holders in the decision making process and for monitoring and evaluating the district's progress in achieving the planned student outcomes.

Our 2018-2019 LCAP parent surveys will be distributed on 4/12/19 and are due back to the School Office by 5/3/19. The students will complete their LCAP surveys in their advisories during the month of April. Our annual LCAP meeting is scheduled for 5/23/19, at 6:30pm, in the school gym.

INTERSESSION 2019

During **Intersession** students must participate in community outreach, service learning and field education courses. Credits for these courses are based on class attendance, participation and completion of assigned projects. Intersession classes are part of the Advisory/Self-Construction grade for each student. Students who do not complete the Intersession classes will not be given credit for those classes.

Your students have received their Intersession course choice packets and have made their course selections. As these classes will include daily field trips, there will be permission slips that need to be completed. Please complete these forms and return them with your students as soon as you receive them.
